

Looking forward to a new bright season together.

KID'S CONCEPT SPRING & SUMMER COLLECTION 2021 // ENGLISH EDITION

KID'S CONCEPT
SWEDISH DESIGN

Wise owls and bold colour combinations.

We know how much you have to do as the parent of a young child. We also know how important it is to be efficient. But fear not! We're here to help! We have toys, children's furniture, and interior details categorised according to different concepts. With well-thought-out themes and co-ordinated colours, you can easily create a harmonious and playful environment.

Kid's Concept is a Swedish design company that was founded in 2007. Sustainability and functionality go hand in hand in our designs. We love seeing children develop and explore the world, which is why we put their safety first and place great importance on our products being safe, durable, and fun to play with. We work hard to ensure that our products have the smallest possible impact on the environment. This means making sure that they last for years to come and can be passed down through the generations.

As we move into spring, the season's colours change to green, purple, and brown tones. Our favourite combination is purple and rusty brown. In fact, we like these colours so much that we've updated our popular Star tent and tunnels to feature them.

This spring we're also welcoming Kai, Anne, Sus, and Owe to the Edvin forest. These four wise owls boast lots of practical features and are also fun to play with. We've also redesigned and added new wooden toys to our classic Neo concept in a stylish combination of light and dark wood. And make sure you don't miss our new wooden dino rocker – now even the youngest members of the family have a rocker to enjoy!

Playful. Safe. Sustainable. Stylish.

Colour shift towards more green and rich brown tones mixed with dusty mature pinks and electric lilacs as accents.

Lifelong friends on adventure.

Did you know that all the NEO animals come to life when there are no adults watching? Here you'll find all the courageous friends who live in the Stone Age World among the volcanoes and flint stone. Take a ride on our rocking Dino to visit Neo and Leo the mammoths. But don't forget to stop by our little mudskipper, Otto, for lots of mischief.

You'll find lots of new shades of wood among our new products this spring. We can also present our new rocking dino, made of wood and featuring a washable soft seat cushion. This is a fun but sturdy rocking horse that's also suitable for babies. Another favourite is Otto, the cool mudskipper, with his mischievous eyes and long tongue, who's now also available as a cuddly toy. We've also introduced a range of educational toys in different kinds of FSC®-certified wood. All these new products go together well with the olive greens, mustard yellows, and pastel purples in the rest of our colour range, which give your child's room a modernist feel.

Responsible toys for you, for me and for the planet.

The forest gives us clean water and fresh air and helps to slow down global warming. The Forest Stewardship Council® is an international member organisation that promotes the responsible exploitation of the world's forests. Its rules protect endangered plants and animals and the future ability of the soil to bear forests, while also ensuring that those working in forests have healthy working conditions.

We have several certified products in our range, but our goal is to have at least 80% FSC-certified wood in our range by the end of 2022

A funny ride for the small ones.

Nu har vår stora gung-Dino äntligen fått ett syskon i trä som passar redan från 10 månaders ålder. I gungstolen sitter baby'n bekvämt med både ryggstöd och greppvänligt handtag. Skulle tyget bli smutsigt så är det enkelt att lägga in i tvättmaskinen. Gungdjur är en rolig leksak som passar utmärkt från tidig ålder då den tränar barnets balans och kroppsuppfattning. En klassisk leksak och fin inredningsdetalj i barnrummet. Varför inte ge bort den som present eller dopgåva?

Neo and friends.

This season you will meet some new creatures from the Stone Age Land; Otto the Mudskipper and the Rocking Dino with the coolest slick back! To complement the NEO concept we have also added a small range of educational toys in three different kinds of natural wood. It goes well together with olive green, dark yellow and purple or whatever color you would have in your room.

A happy little guy.

Otto has quickly become a popular figure among young and old alike. He's a happy soul with a long tongue who loves to fool around. He may even be the coolest animal of the Stone Age Land! A mud-skipper can live both on land and in water. If ever Otto feels sad, he hides his tongue in his mouth. The secret is to tickle him under his chin, or stick your tongue out at him, and he soon cheers up again.

A neutral, practical friend for your room.

The Saga Blonde furniture series provides a neutral base for your child's room. By adding other interior details, you can easily change the feel of the room. Storage is important in any child's room, as toys and games can quickly leave the room in chaos. The clothes rack keeps clothes and shoes neat and tidy in a way that keeps everything in clear sight, while the spacious chest can be used both as a seat and as storage. All the toys can be easily stowed away for the night and taken out again the next day for more fun! The stool has two seat heights, enabling it to be used by your child as they grow, as well as angled legs for increased stability. It's perfect for little ones to sit on as they play, draw, paint, or build with blocks.

FSC wood.

Saga Blonde.

With its stable design Saga furniture collection is a classic interior detail in the child's room. It has many versatile functions for play and storage. The low seater has angled legs and soft washable cushions. The spacious chest can be used both as a seat and as storage to help you keep the room from chaos. The clothes rack keeps both your clothes and shoes. Table and stool is suitable for children aged 3 to 6. The stool has two seat heights, enabling it to be used by your child as they grow.

Now produced in Europe.

We've taken SAGA to a new level, and the entire furniture series is now made in Bosnia and Herzegovina. To further enhance that Scandi feel, Saga is now made from white FSC-certified beech. The wood is lighter than conventional beech and has a lovely even colour and structure. To give the material its lighter colour, it's treated with steam immediately after felling. The trees are grown and felled near the factory in central and northern Bosnia and Herzegovina.

Strong and long lasting.

Producing linen is a more eco-friendly process, meaning its life cycle has a smaller impact on the environment compared to cotton.

Linen yarn has long straight fibres with a smooth surface, resulting in a fabric that is incredibly breathable. The smoothness of the fibres helps the material repel dirt – and gives it natural antibacterial and hypoallergenic properties. Linen fabric is strong and long lasting – perfect for a baby toy.

The products, the material and the fabric are made in Europe, which reduces the transport distance to our warehouse. We plan our purchases so that they have the smallest possible impact on the environment, which is important for our commitment to sustainability.

Rock me baby.

Our bamboo crib has a gentle rocking motion to settle your baby to sleep. The crib is easily accessible for you to swing by hand when you are in bed yourself. The rocking mechanism can also be locked so that the crib can be used in a static position whenever you need.

Bamboo - a natural material.

The bamboo's unique qualities in combination with the beautiful finish makes it an interesting material. Bamboo has natural colour variations in the wood, which we think gives it life. Consequently, products can contain parts that are lighter or darker in colour. The material is hard and fast growing and therefore has advantages compared to traditional tree material.

A small city with a big heart.

Aiden really captures the life of a big city. Build a grand city with houses, garages, and a car wash. Or use the road pieces to build routes for cars, buses, and trucks to get around. Here, little ones can play, learn, and create lots of different and exciting cities. The Aiden series also encourages movement, stimulates co-ordination, and creates a playful environment in a child's room.

This city needs a hero.

Call the fire brigade! Grandma's cat is stuck in a tree and you have to save it using your ladder. Meanwhile, on the other side of town, another hero is driving our new double-decker. Without our bus driver, none of our friends would be able to get to work or see their friends. Aiden is quite simply a city that never sleeps, and there are always exciting things to do.

Make your way around Aiden city.

Get a move on! Aiden city is continuing to grow. That's why we need the help of someone who can build fun new roads to drive on. Later in the evening, the double-decker and fire engine will also need somewhere to rest. And they're in luck, because now there's a car park where all the vehicles can sleep for the night.

Aiden city is forever growing.

The residents here are generally friendly and kind to each other. They have a passion for everything to do with new technology and often travel on public transport. They look after each other, so transport, rubbish collection, and housing are a priority. Things here are always moving and evolving.

What with everything that's happening in the city, we thought it would be a good idea to introduce the firefighters Sam, Pat, and Jim together with their fire engine. To be honest, they're mostly kept busy rescuing cats, but now and again they race to the rescue in an emergency. When the alarm goes off, there's no time to lose! With their hose and long ladder, the trio are always ready to go.

The wheels of the bus goes round and round.

We love public transport, so all the city's residents now have access to a double-decker bus. Hop on and come with us on a tour of Aiden City together with seven passengers and the singing bus driver Liv.

Ho, hoo! Who are you?

Our EDVIN collection opens the door on a magical and fantasy-filled forest with lots of exciting animals who want to be your friends. Get to know Stella the hedgehog, Bo and Eda the elks, Lo the rabbit, Ed the fox, Tor the mouse, and Bella and Max the bears, who all live in the forest. They love building, playing, and doing puzzles together.

Ahead of the spring and summer, we've updated our range of colours with new shades of green, yellow, and burnt ochre. We'll also get to meet Edwin's newly arrived friend – Owe the owl. He loves music, cuddling, and reading exciting fairy tales. He also comes in several different sizes and variants, making him suitable for all ages.

If you turn me around, you'll see my beautiful wings. I'm easy to wash – just open the hidden zipper and remove the inner padding before putting me in the washing machine.

Me and you... when you just need a hug.

OWe the Owl never sleeps. He faithfully keeps watch over his best friend and is happy to give you a hug if you need comfort. He's also an expert at snuggling down in a pillow castle and he likes to read at least one fairy tale a day.

The baby walker that grows with you.

Baby walkers are the perfect support for babies that just started learning to walk. And when they get older they can use it as a toy in itself and to place other toys in and drive around.

The handle of the walker can be positioned in two ways: Straight up position is to be used when you want the walker to be more stable and the child has just recently started to walk and need more support. When the child is growing and can walk steady, you can decide to move the handle to be more angled and use it as a normal wagon.

Together at home.

Do you also have a little masterchef at home? Children love to imitate us adults when we bake, cook, shop, and enjoy coffee and cake. In this popular series, you'll find play food, kitchens, refrigerators, and loads of accessories to keep little ones busy for hours.

Good food is better with good friends.

It's said that all you need is love, but some good food doesn't hurt either. This spring, we've made space to cater for even more guests. You'll now find handy kitchen utensils, crockery, and cutlery that will turn your little chef into a real pro. We've also developed an iron so that everyone can look extra nice when they go to the restaurant.

I want

**to do
the
things**

**that
you do.**

Twinkle, twinkle little star, I hope you know how loved you are.

Putting cuddly toys to bed and kissing them good-night is a good way to practise a bedtime routine and wind down for the night. And if you ask really nicely, there may even be an extra lullaby.

Cooking my best pasta ever.

Little chefs will find everything they need to cook a really tasty dinner for the whole family. Open up a world of exciting appetisers, delicious mains, and indulgent desserts. This set goes perfectly with all our stoves.

Now you can invite your friends home for a cosy dinner. Here you can see a complete wooden tableware set for four people. Plates, cups, knives, forks, and spoons. But which side should the fork go on again?

Dinnertime, come and eat!

What was your favourite meal when you were little? There are always fantastic meals on offer on nice plates and in beautiful mugs in the children's restaurant. Children can also practise their balance, dexterity, and co-ordination. This is a great way to encourage imaginative and creative roleplay games.

Wash, iron, fold – shall we do it together?

Hanging up, taking down, ironing, and folding the laundry all keep children occupied for hours on end and are a fun way to teach them new things. For example, they could prepare a nice outfit for when their cuddly toys are going to a party. For extra fun and realism, the knob on the iron clicks as it's turned. Or why not do the ironing together? Everything's so much more fun when you do things together.

We love vegetables. So much so that we want to introduce them to our little ones as early on as possible. Here you can see our five soft-fabric baby gym figures – leek, tomato, broccoli, carrot, and beetroot. The tomato and beetroot also feature rattles that have a soft and soothing sound. They're also easy to attach to other places where children need a little extra entertainment, such as a pram or a car seat.

Happines on a plate.

As a small baker, happiness lies in being able to whip up your own dough, bake your own bread, and serve it on a plate. Turn the knob on the stove until you hear a click, then put the baking sheet in the oven. Wait a while, then take out the baked bread and invite the whole family to enjoy your freshly baked masterpiece!

SWEDISH fika.

[fee:kah]

Traditionally, a classic “kafferep” was a “fika-party” served at home with guests in the afternoon. The coffee was served with at least seven different kind of shortbreads cakes and biscuits like Syltkaka, Schackruta, Semla, Finsk pinne, Brysselkex, Dammsugare and of course the best one - Kanelbulle (Cinnamon Bun).

What’s your favorite?

In this mixed box with seven kinds of classic Swedish cakes, you will find jam cake, “schackruta”, “semla”, Finnish stick, “brysselkex”, punsch-roll and cinnamon bun. Made from wood.

Sow seeds of change!

Let your child get involved in planting, growing vegetables, and picking berries and fruit. By sowing the seeds of change early on, you can teach your child the importance of a circular lifestyle and looking after our environment.

Game on.

We love to play games outdoors in the summer-time. We move life out into the garden or go to the beach. With our Boccia you can challenge anyone who dares. The size is made for the little hand so even the youngest can join in. Pick your favourite coloured balls and then it's game on! If you get tired and hungry after several rounds of Boccia, you can sit down, enjoy a picnic, and play tic-tac-toe on the blanket. Which veggie will be the first three-in-a-row?

A musical colour splash.

Young children are often interested in sounds and music. They can immerse themselves in the music, and dance and sing along to songs even if they don't understand the words. Toy instruments allow children to experiment with making sounds and explore their musical side, all while having fun.

The intense colours of the 70's is a source of inspiration for the instruments this autumn. The toy instruments also serve as lovely interior design elements for your child's room or anywhere in the home to give it a splash of colour instead of a cushion or picture.

Timeless favorite.

Pink will always be our favourite, regardless of all the trends in the world. Timeless and in our point of view, - genderless. You can find racer cars, hammer benches, storage bins and many other things. Create a pale pink romantic dream room or add a more bold pink acting as a colourful accent to an all white room.

A neutral, practical friend for your room.

The Saga Blonde furniture series provides a neutral base for your child's room. By adding other interior details, you can easily change the feel of the room. Storage is important in any child's room, as toys and games can quickly leave the room in chaos. The clothes rack keeps clothes and shoes neat and tidy in a way that keeps everything in clear sight, while the spacious chest can be used both as a seat and as storage. All the toys can be easily stowed away for the night and taken out again the next day for more fun! The stool has two seat heights, enabling it to be used by your child as they grow, as well as angled legs for increased stability. It's perfect for little ones to sit on as they play, draw, paint, or build with blocks.

FSC wood.

Saga Blonde.

With its stable design Saga furniture collection is a classic interior detail in the child's room. It has many versatile functions for play and storage. The low seater has angled legs and soft washable cushions. The spacious chest can be used both as a seat and as storage to help you keep the room from chaos. The clothes rack keeps both your clothes and shoes. Table and stool is suitable for children aged 3 to 6. The stool has two seat heights, enabling it to be used by your child as they grow.

Now produced in Europe.

We've taken SAGA to a new level, and the entire furniture series is now made in Bosnia and Herzegovina. To further enhance that Scandi feel, Saga is now made from white FSC-certified beech. The wood is lighter than conventional beech and has a lovely even colour and structure. To give the material its lighter colour, it's treated with steam immediately after felling. The trees are grown and felled near the factory in central and northern Bosnia and Herzegovina.

For the kings and queens of the make believe world.

Is it a castle? Or maybe a shop? No, today it's a secret hut. Our tent is home to lots of stories and fairy tales. Children love building and creating their own cosy little den. The more pillows, blankets, and cuddly toys they can cram in there, the cosier it becomes.

On a nice summer's day, the tent can also be used out in the garden. The play tent has foldable poles that make it easy to put up and take down.
